

**BART Agreement Number: 6M8134**

**Approval Date: 9/24/19**

**Work Plan No. A.09- Embarcadero and Civic Center Bike Station Modifications**

**Scope:**

The work of this Contract at Embarcadero Station includes: reconfiguration of the entry with a new steel structure glass wall and new door separating the secured bike area from the station concourse. The work also includes an upgrade of the BikeLink access control system at the entrance, installing a new metal grid ceiling and new lighting fixtures. Some of the bike racks will be reconfigured to provide parking for oversize bikes and charging for eBikes.

At the Civic Center station, this project will remove and re-purpose a partition wall between the secured bike parking area and open parking area and create one continuous secured bicycle parking area. This will include the installation of new door, steel structural members, glass panels and steel rails to close existing open space on top of existing glass wall.
