

**BART Agreement Number: 6M8143**

**Approval Date: 04/21/21**

**Work Plan No. B.15-01 Structural Engineering Support during Design and DSDC for RR, FTA and Operating to Capital projects**

**2.0 SCOPE OF SERVICES**

The Consultant is to provide structural engineering support to BART’s structural Engineering Division consisting of two (2) part-time as needed Structural Engineers and support staff

Specific duties and responsibilities shall be as directed and include the following:

- a) Provide design reviews on design submittals for conformance with BART standards and applicable Federal, State, and Local codes
- b) Constructability reviews.
- c) Provide technical support on field issues.
- d) Coordinate the work with affected BART’s parties and other third parties.
- e) Schedule, attend meetings and write meeting minutes as required.
- f) Cover all BART Lines (A-Line, C-Line, M-Line, L-Line, R-Line, S-Line, W-Line and Y-Line).
- g) Site visits and preparation of the site reports as directed.
- h) Other tasks as directed by the District generally consistent with the scope of services. As-directed services will be subject to available budget remaining.
- i) When reviewing the design services of a third party, the scope of HDR’s review is limited as set forth in this Scope of Services and HDR will not be held responsible for any aspects of the design services (including any errors or omissions therein) that are not included in the scope of HDR’s review.

**Prime: HDR**
