Work Plan No. A.16-02 – HMC2_Surveying Support (from 60% Design to IFB package) for East Storage Yard Project

Scope:

Supplemental Field Surveys

Supplemental field surveys will be conducted within the project limits. These may include utility locations, staking of proposed features, field topographic surveys in specified areas, or as-built locations of rail and/or other features. Work within the fence is typically done during 'blanket' hours. For the purposes of this proposal, we are assuming maximum 10 days of field surveys with a 2-person survey crew, with work being done during weekday nights.

Deliverables:

1. CAD readable and Excel spreadsheet containing the coordinates, and brief description points
