Effective October 1, 2014

Terminating September 30, 2017

Preamble

The parties to this Agreement agree to the following provisions which shall govern the mutual relations between them.

Article 1

Scope and Purpose of Agreement

This Agreement shall apply exclusively to the States of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, New Mexico, Nevada, Oregon, Utah, Washington, and Wyoming; and within such area this Agreement shall apply to all of Contractor's field construction work (including construction, erection, rigging, loading, and unloading, field fabrication, assembling, dismantling, and repairing performed in the field) coming under the jurisdiction of the Union.

Article 2

Recognition

The Contractor recognizes the Union as the sole collective bargaining agent for all of its employees employed on work covered by the scope of this Agreement.

Article 3 Union Security

Art. 3(a) All employees performing work under terms of this Agreement must be, or become and remain, members of the Union on the eighth (8th) day of employment as a condition of continued employment in accordance with the provisions of the National Labor Relations Act.

Art. 3(b) When the Contractor is notified by the Union in writing that an employee is delinquent in the payment of Union dues or has failed to pay the initiation fee required, the Contractor shall immediately terminate such employee. Such employee shall not be re-employed by the Contractor until notified by the Union that the employee is a member in good standing in the Union.

Art. 3(c) This Article shall be effective only in those states permitting Union Security.

Art. 3(d) In the event the parties subsequent to the signing of this Agreement, are authorized under provisions of the Labor Management Relations Act, or it is possible by reason of an amendment or repeal thereof, to enter into an agreement requiring membership in the Union as a condition of employment, or in the event it is determined by a final judgment of a court of competent jurisdiction that such authorization is unnecessary, either party may give written notice to the other of its desire to reopen the provisions of this Agreement affecting Union security. In the event such notice is given, the parties shall meet within fifteen (15) days to negotiate such Union security provisions.

Article 4 Trade Jurisdiction and Work Classification

Art. 4(a) Interpretation of Article 1 as applicable to loading and unloading. In accordance with the Agreement reached at the settlement of contract negotiations in 1965, there has been submitted by International Vice President James F. Precht, the following:

Art. 4(b) "It shall be within the Boilermakers' jurisdiction that the unloading and loading of materials which the Boilermakers are to erect; if such materials are shaken out, separated, segregated, and stored for any period of time. When said material is again loaded and unloaded on a conveyance and transported to the job for erection it shall be unloaded and erected by the Boilermakers."

Art. 4(c) In joint review of the above, it was agreed that the following shall apply:

Art. 4(d) The Union wishes only to protect and not to expand, its historical jurisdiction over unloading and loading of Boilermaker materials. Also, the Union's claims are not extended to apply to material that is in trans-shipment at a transfer point.

Art. 4(e) The Contractor agrees that he will not sub-contract such work for the purpose of encroaching on the historical jurisdiction of the Union.

Art. 4(f) In the event a disagreement or dispute arises with regard to the historical jurisdiction as outlined in the Union's claim, each specific case may be processed between the Union and such Contractor involved in accordance with the governing language of the Agreement.

Art. 4(g) The work of the Boilermaker (Journeyman or Mechanic) shall include: Boilermaking, Welding, Acetylene Burning, Signaling, Loading, Unloading, Heating, Chipping, Caulking, Rigging, Riveting, Bucking-up, Fitting up, Grinding, Scaffold Erecting, Reaming, Impact Machine Operating and such other work as is generally regarded as Boilermaker (Journeyman or Mechanic) work. Any employee classified as a Boilermaker shall perform any of the foregoing work of which he is capable. A Helper may not perform layout work, certified welding, crane signaling, or supervise in any capacity. A Helper may perform any other work in which he or she is capable.

Art. 4(h) The Union, the Contractor and Subcontractors agree that in the event any jurisdictional dispute shall arise, such dispute shall be settled in accordance with the procedures established by the Impartial Jurisdictional Disputes Board for the Construction Industry (or its successor organization) without permitting the same to interfere in any way with the progress or prosecution of the work. Both parties agree to be governed by whatever decision must be rendered.

Art. 4(i) When requested by the Union, the Contractor shall furnish the International office of the Union a signed letter on Company stationery, stating that Boilermakers were employed on a specific type of work on a given project.

Article 5 Job Site Contracting

Art. 5(a) No Contractor shall subcontract any of the work covered by this Agreement to any Contractor, subcontractor or other person or party who does not comply with all the terms of this Agreement, including Art. 4(h), and does not stipulate in writing compliance to the applicable fringe benefit funds and the Trust Agreement or Agreements covering same.

Art. 5(b) It is understood that job site sub-contracting is applicable to loading and unloading per the "Interpretation of Article 1", and to a secondary field construction site established for the specific purpose of servicing the primary field construction site.

Article 6 Referral of Men

Art. 6(a)(1) The Contractor shall, under the terms of this Agreement, request the Union to furnish all competent, drug screened, and qualified field construction boilermakers,

boilermaker apprentices, boilermaker helpers and other applicable classifications in this Agreement. Only referral applicants possessing a current MOST drug screen certification or a timely chain of custody receipt indicating that a MOST drug screen certification may be issued may be considered available for referral and employment. MOST mandatory requirements for referral applicants will be set forth in the schedule contained in Article 23(a). Applicants must satisfactorily complete these requirements no later than the date specified in order to be considered available for referral and employment. The referral will include the applicant's current MOST Individual Profile. Any dispute over the application of this provision shall first be referred to the Union and Employer Negotiating Committee Chairman for resolution.

Art. 6(a)(1)(a) The Contractor shall, under the terms of this Agreement, request the Union to furnish all competent, drug screened, safety trained, and qualified field construction boilermakers, boilermaker apprentices, boilermaker helpers and other applicable classifications in this Agreement. Only referral applicants possessing a current MOST drug screen certification or a timely chain of custody receipt indicating that that a MOST drug screen certification, and otherwise meeting the requirements of Article 23(a) through 23(a)(2), will be considered available for referral and employment under the terms of this agreement. The referral will include the applicant's current MOST Individual Profile. (To the extent that the Union does not have available sufficient applicants for referral who meet the requirements of Article 23(a) through 23(a)(2), the Contractor and Business Manager may waive such requirements for referral).

Art. 6(a)(2) The parties have agreed upon specific rules and procedures covering exclusive referral of workmen. These rules are published in separate booklets entitled "Uniform Referral Standards and Joint Referral Rules," and shall comply with the National Uniform Referral Standards and any revisions thereto.

Art. 6(a)(3) The Contractor shall hire and the Union shall refer qualified applicants on a non discriminatory basis. The Contractor and the Union shall not discriminate against any employee or applicant for employment because of age, race, sex, color, creed, nationality, membership, or non-membership in any Union. The Contractor shall have the right to determine the competency and qualifications of its employees, including the right to require proper written evidence of qualifications from the Union; the right to reject any applicant for employment who is unable to thus establish his qualifications and skill necessary to perform the work required or for any other bona fide reason; and the right to discharge any employee for any just and sufficient cause, provided, however, that no employee shall be discriminated against.

Art. 6(a)(4) Due to the intermittent nature of field work it is understood that continuous employment by a Contractor is not broken so long as the layoff between jobs does not exceed five (5) working days.

Art. 6(a)(5) The Contractor, in case of an emergency occurring during the night or over a weekend, requiring immediate attention, shall first contact the local Business Manager or Dispatcher, shall have the right to hire employees qualified to perform the work covered by this Agreement for a period of the emergency and in the event shall notify the Union of the names of the employees and the date of their hiring. [See Article 30, Item 6.]

Art. 6(a)(6) Layerout. When a Contractor calls for a layerout for field work and a referral applicant is furnished in answer to such call and performs layout work normally performed in the shop, the employee shall be considered a premium employee and receive the Foreman's rate while performing such work.

Art. 6(a)(7) When actual production or erection commences at the job site, a qualified applicant shall then be requested from the Local Union's Referral List, or an employee originally obtained from that list may be transferred from another job, to work with the Foreman and/or Assistant Foreman.

Art. 6(a)(8) In the event that the Union is unable to fill requisitions for applicants within forty-eight (48) hours, the Contractor may employ applicants from any other available source.

Art. 6(b) Welder Qualifications

Art. 6(b)(1) A welder required to take a test who has been previously tested and certified by a Contractor within the last 24 month period and any other welder who passes the test successfully, shall be paid four (4) hours pay or the time required to take the test, whichever is greater, provided that he accepts employment for the work for which he was tested. Such payment is to be made on the first payday following such employment.

Art. 6(b)(2) It is understood that the welder is to be placed on the payroll or released no later than the second working day following the day on which he was tested. If such welder refuses employment for the work for which he was tested or if he quits for other than compelling personal reasons prior to the first payday, he shall not receive payment for taking the test.

Art. 6(b)(3) Welders passing a test will be furnished a copy of test papers from the Contractor or party requiring a test within 30 calendar days. Welders failing tests shall maintain their place on the out-of-work list.

Art. 6(b)(4) Common Arc. It remains the intention of the Western States Chairmen and Joint Negotiating Committee that the Common Arc Welder Testing Program is the program of choice for the testing of welders. Further, and consistent with National Joint Rules and Standards Committee Understandings, regarding the referral of welders under National, Area and Local Agreements, the following procedure will be adhered to when referring welders to worksites coming under the terms of this Agreement.

Art. 6(b)(4)(1) Common Arc or current welding certification with the employing Contractor shall give welders first priority referral in the order in which their names appear on the Local out-of-work list.

Art. 6(b)(4)(2) Current welding certification with Contractors other than the employing Contractor shall give a welder second priority referral in the order in which their names appear on the Local out-of-work list.

Art. 6(b)(4)(3) Previously Certified or Qualified welder, who possess past certification or qualification papers, which are not current for the employing Contractor, shall be given third priority referral in the order in which their names appear on the Local out-of-work list.

Name Selects shall be awarded in the aforementioned manner only for all manpower requisitions exceeding slots 10 through 40. The Contractor shall ensure all General Foremen, Foremen, Assistant Foremen, and Name Selects are practical mechanics of the Boilermaker Trade. Manpower requisitions starting with slot 41 will be assigned from the "A" Out-of-Work List on a one-to-one basis (slot 41 - Local Lodge Referral Rules, slot 42 - Contractor Name Select).

Art. 6(c)(1) When Name Select employees are reassigned from one job to another within the Western States area, all reimbursement will be per Article 12 of this Agreement. Refusal of an employee to accept a reassignment shall not be cause for discharge or deemed to be a quit. The intent of this language is that if an employee refuses a reassignment it is deemed to be a layoff. Layoff slip to read accordingly.

Art. 6(c)(2) The Contractor shall notify the Local Union forty-eight (48) hours prior to any such reassignment of the nature and location of the job and the names of the employees to be reassigned.

Art. 6(c)(3) Reduction of Crew. When reducing the crew, the Contractor determines which individuals shall be laid off. However, Name Select employees shall be laid off per the same ratio allowed in a 6(c) Selectivity.

On all jobs using Art. 6(c)(4) the Contractor shall notify the Local Union in whose jurisdiction the Contractor will be working, either in writing, by E-mail or fax prior to starting a job. The notification will include the location of the job, and the names and Social Security numbers of the employees to be transferred. Approved forms shall be provided by the Union.

Article 7 Hours of Work

Art. 7(a) The regular day shift and weekly hours shall be eight (8) hours per day, with a starting time between 6:00 a.m. and 8:00 a.m. and forty (40) hours per week, Monday to Friday, inclusive. Once the daily starting time is established by the Contractor, it shall only be changed by mutual agreement with the Union.

Art. 7(b) When circumstances warrant, the Contractor and Business Manager may agree in writing to change the regular work week to four (4) ten hour shifts at the regular straight time rate of pay. It being understood that all other pertinent sections of the Agreement must be adjusted accordingly.

Art. 7(c) A thirty minute lunch period shall be allowed beginning after the first four (4) hours worked on a scheduled shift. It is agreed that the lunch period may be changed by mutual agreement between the Contractor and a representative of the Local Union having jurisdiction of the job.

Art. 7(d) Work performed in unusual emergency situations during a scheduled lunch period will not be subject to the overtime rate providing such work is less than fifteen minutes. The local supervisor shall not abuse this provision.

Art. 7(e) As an exception to this Article, in weeks in which a recognized holiday falls Monday through Friday, the regular weekly hours shall be 32 hours on the day shift, 30 hours on the second shift and 28 hours on the third shift for purpose of computing weekly overtime under Art. 8(a).

Article 8 Overtime

Art. 8(a) Time and one half (1 1/2) hours for 1 at the straight time rate, shall be paid for work in excess of 8 hours on the first shift, 7.5 hours on the second shift, and 7 hours on the third shift, or for hours worked in excess of the regular weekly hours as set forth in Articles 7 and 10, whichever results in the greater amount of overtime in the workweek of each employee.

Art. 8(b) Employees who work on Saturday or Sunday without having previously worked during the workweek, their full number of regular weekly hours as set forth in Articles 7 and 10 shall receive the applicable overtime rate for such Saturday or Sunday work by reason of work on those days being normally in excess of the number of regular weekly hours.

Art. 8(c) Employees who work before or after regular established shift hours without also working on that day all their regular established shift hours, shall receive the applicable overtime rate for work before or after their regular established shift hours by reason of such work being normally in excess of that performed during regular established shift hours, as set forth in Articles 7 and 10.

It is not intended to make-up straight-time hours missed by the employee due to weather interruptions, Contractor actions, or interruptions due to job-site circumstances that have caused the lost time.

Art. 8(h)(2) Monday through Friday straight-time hours will constitute the mandatory hours an employee must work in order to receive overtime pay during scheduled overtime. If an employee misses any of the mandatory straight-time hours, the employee will work the next scheduled overtime hours at straight-time, until the hours missed are made up. If the employee misses time during the payroll period, and there are not enough overtime hours left during that payroll period to make-up the straight-time hours not worked by the employee, the overtime hours worked earlier in that payroll period will (to the extent permitted by law) be converted to straight-time hours until the lost straight-time hours are made up.

Art. 8(h)(2)(a) In the event the straight time hours are the first eight (8) hours worked during the shift, the next scheduled overtime hours will constitute the straight-time make-up period.

Art. 8(h)(2)(b) In the event the straight-time hours are the first ten (10) hours worked, as in a 4-10's schedule, the next scheduled overtime hours will constitute the straight-time make-up period.

Art. 8(h)(2)(d) This policy will be applied to all late arrivals and early quits.

The following exceptions apply to the foregoing:

Art. 8(h)(2)(d)(2) An employee who is late, absent, or quits early because of requirements to serve on a jury, participate in a National Guard or military reserve activity, or other such similar requirements, and returns to the job site with a verifiable written excuse from the institution that required his absence, will resume his schedule without penalty.

Art. 8(h)(2)(d)(4) A worker who receives authorization from the Contractor in advance for time to take care of personal business will resume his schedule without penalty.

Art. 8(h)(3) The Contractor will apply the conditions listed from 2. D1 through D4 without deviation, to all employees covered by this Agreement; and, the Contractor and Business Manager may investigate and verify the exceptions to their satisfaction.

Art. 8(h)(4) Should there be an error in time-keeping which results in an unintended payment of overtime pay to an individual who should not have received that pay because of lost straight-time hours, and the pay period has ended, the employee will (to the extent permitted by law) work the next scheduled overtime hours at straight-time to make up the lost time in the previous pay period. If the employee has left the job and has been paid off, there will be no further requirement for repayment of that money.

Art. 8(h)(5) Should there be an error in time-keeping which results in an unintended conversion of overtime hours worked by an individual to straight-time hours, the employee will be reimbursed the appropriate amount not later than the next pay period

Art. 9(a) The recognized holidays are: New Year's Day, President's Day, Memorial Day, July 4th, Labor Day, Veteran's Day, Thanksgiving Day, the day after Thanksgiving Day,

and Christmas Day. If the Boilermakers and those crafts servicing the Boilermakers in a Local Building Trades Council elect to observe a holiday on a date other than that observed by the State or Nation, then that elected date shall be observed as the holiday. The Contractors shall be notified at least two weeks prior to the effective date of change.

Art. 9(b) Upon mutual agreement between the Local Union Business Manager and the Contractor Representative, Veterans Day may be changed for the day before Christmas.

Art. 9(c) No work shall be performed on Labor Day except for the preservation of life and property. When a holiday falls on a Saturday or Sunday, the day observed by the State or Nation shall be observed as the holiday.

Art. 9(d) Holidays falling on Tuesday, Wednesday, or Thursday may be observed on Monday or Friday where such is mutually agreed to between a Contractor and the Local Union involved for an individual job site.

Article 10 **Shifts**

Art. 10(a) A second (2nd) and/or third (3rd) shift may be established by the Contractor provided each is worked for three (3) or more consecutive days to include Saturdays, Sundays, and Holidays, if worked. When a job is to run for less than three (3) consecutive work days it will be considered a short or irregular shift work job and the second and/or third shift shall be paid for at the applicable overtime rate or an arrangement can be worked out between the Contractor and the authorized representative of the Local Lodge having jurisdiction, where and how two shifts can be worked. Subterfuge shall not be used to avoid the intent of the foregoing.

Art. 10(b) When established shifts are worked through Saturday, Sunday, or a Holiday, hours of work and pay shall be in accordance with the provisions of Art. 10(d) at the applicable overtime rate.

Art. 10(c) The regular starting time of the first or day shift shall be 8:00 a.m.; the regular starting time of the second shift shall be 4:30 p.m.; and the regular starting time of the third shift shall be 12:30 a.m. The foregoing starting times may be changed when mutually agreed to between the Contractor and representatives of the Local Union having jurisdiction of the job.

Art. 10(d) Where two or three shifts are worked, the first or day shift shall be established on an eight (8) hour day, forty (40) hour week basis; and the second shift shall be established on a seven-and-one-half (7-1/2) hour day, thirty seven-and-one-half (37-1/2) hour week basis; and the third shift shall be established on a seven (7) hour day, thirty-five (35) hour week basis. The pay for a full shift on each of the above shifts shall be eight (8) times the hourly wage rates herein provided.

Art. 10(e) No employees shall be required to work more than one (1) shift in any twenty-four (24) hour period for straight time. The beginning of the twenty-four (24) hour period for such purpose shall be the regular starting time of the shift upon which the employee is regularly employed. An employee working continuously beyond his regular shift will continue to receive the overtime rate for hours worked until he has received an eight (8) hour break.

Art. 10(f) As an exception to this Article, in weeks in which a recognized holiday falls Monday through Friday, the regular weekly hours shall be 32 hours on the day shift, 30 hours on the second shift and 28 hours on the third shift for purpose of computing weekly overtime under Art. 8(a).

Article 11 Minimum Pay and Reporting Time

Art. 11(a) Any employee starting a shift or called and reporting to work after starting time of the first period of any shift Monday through Friday, shall receive no less than two hours pay for such period. If required to continue beyond two hours, the minimum pay will be four hours or actual time worked, whichever is the greater.

Art. 11(b) Any employee called and reporting to work on Saturdays, Sundays and recognized holidays, or outside of his regular shift hours not continuous with his regular assigned shift hours, or any employee reporting to work on call and not given employment, shall be paid not less than four (4) hours pay or actual time worked at the applicable overtime rate.

Art. 11(c) Notwithstanding (a) and (b), other than emergency orders or in remote areas, the Contractor may require an employee who arrives late on job to start at noon or the following day, or in the alternative, to be paid only for hours actually worked.

Art. 11(d)(1) The forgoing requirements shall not be applicable where the employee is laid off by reason of bad weather, breakdown of machinery or any other cause beyond the direct control of the Contractor, in which event he shall be paid: (1) Not less than two hours pay, (2) not less than four (4) hours pay if employee starts to work, or (3) not less than eight (8) hours pay if required to work into the second half of the shift, or (4) the time required to remain on the job, if greater. Where the employee quits or lays off, payment will be made for actual time worked. In order to qualify for the pay provided for in this Article, the employee must remain on the job available for work, during the period of time for which he received pay unless released sooner by the Contractor's principal supervisor.

Art. 11(d)(2) If another craft working with the Boilermakers in the same crew is sent home because of unworkable conditions, the Boilermakers shall also be sent home; however, the Contractor shall have the right to work all or part of the crew subject to the four (4) and eight (8) hour minimum pay.

Art. 11(e) The exception to the above mentioned paragraphs of this Article shall be when an employee has been properly notified not to report. Special notification arrangements may be made by agreement between the Contractor and the Union Business Manager.

Art. 11(f) A Further exception to the above paragraphs will be in those instances where a civil disturbance makes it necessary to shut down a project to prevent possible injury or loss of life of employees on the project. Any dispute over application of this Article shall be handled in accordance with Art. 27(a).

When an employee is temporarily laid off and is requested to stand by until work is available, and if he agrees to do so, he shall be paid thirty dollars (\$30.00) for each day until returned to work or laid off, in addition to per-diem as above provided.

Art. 12(j) Where a job is located two hundred and forty (240) miles or more from the Dispatch Point, the employee will receive one additional day's per-diem at the start of his work on the job and at the conclusion of his work on the job, provided that payment of such additional day's per-diem under this paragraph shall be subject to the same conditions applicable to transportation and travel expense under Art. 12(e).

Art. 12(k) If an employee suffering an industrial injury outside the seventy (70) mile zone does not receive compensation payments for the first seven (7) days that he is unable to work, his per-diem payments under this Article shall continue for as many days during such seven (7) day period as he is required to remain at or in the vicinity of the job site by the Contractor or by the physician in charge or by the state commission having jurisdiction. In those states where the payment of compensation during such seven (7) day period is dependent upon the duration of an employee's period of disability, the Contractor may delay the payments called for under this paragraph until it has been ascertained whether compensation payments will be received for some or all of such seven (7) day period.

Art. 12(l) The Contractor shall reimburse employees for ferry charge or bridge toll incurred daily going to and from the job.

Art. 12(m) In the Seattle area, when employees travel from Seattle to Bremerton area and return by ferry, they shall be reimbursed by the Contractor for each round trip a sum equivalent to one (1) hour's pay at the regular area mechanic's rate plus ten cents (\$0.10). This situation is recognized as a case of unusual hardship to the employee and not as establishing the principle of travel expense within the seventy (70) mile zone.

Art. 12(n) Other unusual circumstances of a purely local nature shall be mutually arranged between the Contractor and the Union's Business Manager.

Art. 12(o) Rules governing per diem eligibility and rates in Hawaii are contained in Article 33(d).

**ELECTION FORM TO
REMAIN TO BE A PARTICIPANT IN THE BOILERMAKERS NATIONAL HEALTH
AND WELFARE FUND AND THE BOILERMAKERS NATIONAL ANNUITY TRUST
OR TO
BECOME A PARTICIPANT IN THE HAWAII HEALTH & WELFARE FUND AND THE
HAWAII ANNUITY FUND**

I, _____, hereby state that I am not a permanent resident of the State of Hawaii and that I am a participant in both the Boilermakers National Health and Welfare Fund (referred to herein, as the National Health Fund) and the Boilermakers National Annuity Trust (referred to herein, as the National Annuity Trust) at the time I first became employed by the employer named below, a contractor who is signatory to the Articles of Agreement between the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers, and Subordinate Lodge 627 and the Western Field Construction Negotiating Committee, Inc. (referred to as Western States Articles of Agreement). I understand that under the Western States Articles of Agreement, I have the right to become a participant in the Hawaii Boilermakers Health & Welfare Fund (referred to herein as Hawaii Health Fund) and to receive from the Hawaii Health Fund medical benefits, dental benefits, prescription drug benefits, and vision care benefits; and to become a participant in the Hawaii Boilermakers Annuity Fund (referred to herein as Hawaii Annuity Fund) and to receive from the Hawaii Annuity Fund annuity benefits.

I also understand that if I choose to participate in the Hawaii Health Fund that some or all of the benefits may not be available outside of the State of Hawaii for myself and my qualifying dependents covered by this program. I have been informed what the above-referenced benefits of the Hawaii Health Fund and the Hawaii Annuity Fund are, or I have had an opportunity to become aware of what these benefits are.

If I elect to participate in the Hawaii Health Fund and the Hawaii Annuity Fund, my employer will make contributions as required by the Articles of Agreement.

If I elect to participate in the National Health Fund and the National Annuity Trust, my employer will be limited to make contributions based on what is required by the Articles of Agreement to be made to the Hawaii Health Fund and the Hawaii Annuity Fund. My employer will first make contributions to the National Health Fund based on the applicable rate required. If the contribution rate to the National Health Fund is less than the combined rates for the Hawaii Health Fund and the Hawaii Annuity Fund, the difference will be paid to the National Annuity Trust, as the Trust permits. If the contribution rates for the National Health Fund exceed the combined rates for the Hawaii Health Fund and the Hawaii Annuity Fund, then the Union and Management must resolve this issue.

I understand that my participation in any of the funds will stop after I finish working on the construction project that I am currently working on unless the Union referred to above and Management both agree in writing to allow me to continue such participation.

Based on the above stated representations, I hereby make the following election by initialing one of the following paragraphs and signing and dating below:

_____ I elect to continue participation in the National Health Fund and the National Annuity Fund with the conditions stated above, in the Western States Articles of Agreement or any amendments or modifications thereto.

_____ I elect to remain a participant in the Hawaii Health Fund and the Hawaii Annuity Fund under the conditions stated above, in the Western States Articles of Agreement or any amendments or modifications thereto.
