

BART Agreement Number: 6M8182

Approval Date: 06/01/23

Work Plan No. B.21-01 Project Management Support for Substation Projects

Scope:

The Consultant will provide Project Management Support for all project activities in planning, coordinating, progress reporting, scheduling, forecast management, and document controls. The consultant will perform the following duties and responsibilities:

- Perform day-to-day project management responsibilities for multi-disciplinary projects in varying stages of planning, design, procurement, or construction
- Measure project performance using appropriate systems, tools and techniques.
- Provide procedural, administrative support to BART Project Manager (PM) and project staff
- Set up and maintain project files, document control, and file management.
- Conduct project progress meetings and handle day-to-day coordination. Take meeting minutes, prepare to-do lists from meetings, distribute meeting minutes, as directed.
- Track, review and update project schedules based on input from design teams and other stakeholders.
- Review project deliverables for completeness and route the deliverables to BART reviewers and Subject Matter Expert (SME). Collect all comments from reviewers and SME by the due date and distribute to the deliverable originators.
- Coordinate with various discipline leads, project teams, contractors, subcontractors, external parties as required for successful and timely execution of project milestones.
- Assist with Project Management and the Risk Management Plans.
- Review Weekly Statement of Working Days for Quality Assurance
- Develop new processes and procedures where needed.
- Support other duties as assigned by BART PM or Sr. PgM
