

MONTHLY PROGRESS REPORT

Agency Name:	Cypress Mandela Training Center, Inc.
Project Name:	BART Oakland Airport Connector Project Stabilization Program
Amount of Funding:	\$ 25,000
Funding Source:	BART- JAC
Monthly Report #17:	August 2014

The Cypress Mandela Training Center (CMTC) submits this report, reflecting the outcomes, data quantified and activities that transpired during the month of August 2014.

I. Overview to Progress Report

Construction activity on the Oakland Airport Connector Project continued to slow during the reporting period. As a result of this diminution in activity, placement of new apprentices and local residents has decreased to the point of being almost complete.

II. Applicant/Participant Activity during the Report Period

During the reporting period, the Cypress Mandela Training Center staff provided the following assistance to local impact area residents.

- i Provided mentoring and supportive services to local residents and CMTC graduates currently enrolled in 16-week pre-apprenticeship program. 36 students are scheduled to complete and graduate from the 16-week pre-apprenticeship training program on August 21, 2014. 3 of the 36 students are already employed and working in the building trades unions, while the remaining students are interviewing and making decisions about which craft to select.

In assessing the needs of potential program enrollees, project staff has ascertained that the following barriers continue to impact employment opportunities in the construction industry.

- i Drug usage and inability to pass testing
- i Felony arrest records
- i Lack of driver's licenses and reliable transportation
- i Stable housing
- i Mental Health

III. Local Impact Residents/CMTC Graduates in Apprenticeship Programs

As new work opportunities on the OAC project diminish, staff to follow up on the continued employment of local residents on the project and in strategies to utilize in marketing program participants to contractors with other non-OAC project work. Emphasis will be devoted to placing these apprentices with contractors to be involved in upcoming BART construction projects. On a special note: participant – K is taking full advantage of any down time between project to take additional trainings offered by his union to acquire new skill and certificates.
